What is the "Front Porch?"

In 2008, Touchstone Family Association launched **The Front Porch Program** to provide accessible emotional support services to families in need. Designed to help those without the resources to seek professional help, this program connects families, children, and youth to essential services that promote emotional resilience and well-being.

Historically, the front porch was a space that connected families to their communities. It was a place of sharing, support, and communication. Today, as urban isolation grows, many families struggle to find affordable emotional support. The Front Porch Program aims to restore this sense of community by offering accessible counseling and resources to help families thrive.

The Front Porch Program is available at no cost to families, youth, and children who need help strengthening their emotional resilience. The program operates on a "pay it forward" model, where clients receive services at no charge and are encouraged to donate if they can to support future clients. Donations, fundraising, and grants fund the program, ensuring that no one is turned away due to financial hardship.

The Front Porch Program also receives significant support from events like the **Tee Cup Charity Golf Tournament**. By sponsoring this event, you help provide crucial support to families in need, strengthening the community as a whole.

*Since the
beginning of the
program in
2008,
The Front
Porch Program
has served over
1700 clients.*
